Other items

Personal Equipment list for Jamboree

- Notebook and a pen that works
- Torch with FRESH batteries and some spares. Headlight is preferred. (Please do not bring wind up torches).
- Radio with spare batteries (optional – there is a Jamboree radio station)
- Small sewing kit (Needle, thread, couple of safety pins and button)
- Small 1st aid kit
- Camera (optional)
- Spare shoe laces
- 20 clothes pegs
- Wallet
- Badges for swapping (optional - We will be providing District, Troop and Contingent Badges).

Notes

- All gear must fit inside bag. Eg no roll mat or pillow tied to the outside?
- Dilly bag must be fabric or mesh so that the dishes will air dry inside them
- Scouts should have some sort of bag to carry their gear to the shower...saves things getting dropped en route!
- An inner sheet is very important for keeping the sleeping bag clean. It adds several degrees of warmth to the bag if needed or can be used by itself on a hot night.
- Scouts are expected to have clothing designated solely for sleeping. Scouts must not sleep in the clothes they wore during the day.
- Please do not send any aerosols. The propellant damages the fabric of the tents and some kids get asthma if they are sprayed in confined areas (eg tents)
- You will have no power so leave home any electrical devises including mobile phones.
- Please make sure all belongings are named with BOTH the Scouts name and the Troop Number.
- Waterproof raincoat is essential.
- Please note that items such as camera are brought at your own personal risk. Make sure it is named.
- Scout Outdoor Centre has special deals if you wish to purchase air mattresses or stuff sleeping bags etc. as Christmas presents.
- If bringing medication, please have a copy of the "action plan" from your GP or specialist. Please also send a spare supply.
